

## Pfeiffer Vacuum News

**Welcome to the new issue of our newsletter –  
A service from your Pfeiffer Vacuum team!**

In this issue we will inform you about the following topics:

- New Pfeiffer Vacuum CenterLine total pressure gauges
- Technical training and seminars - Program 2016
- Pfeiffer Vacuum GmbH and GSI Helmholtzzentrum für Schwerionenforschung GmbH present joint doctoral candidate award
- Pfeiffer Vacuum welcomes 2015 Röntgen Prize Winner
- Pfeiffer Vacuum YouTube channel
- Dates & Events

**Your Pfeiffer Vacuum team**

### Vacuum solutions from a single source

---

#### **New Pfeiffer Vacuum CenterLine total pressure gauges**

Pfeiffer Vacuum has expanded its product portfolio for total pressure measurement and added a new family of measurement instruments to the product program. In addition to the existing DigiLine, ActiveLine and ModulLine series, we are now offering new CenterLine gauges, which are compatible with existing active gauges from Oerlikon Leybold Vacuum (in short OLV). Further information about the product can be read [here](#).

### Tip

---

#### **Technical training and seminars - Program 2016**

Our technical training imparts the knowledge, skills and abilities that are specially required in connection with vacuum components and systems. Read more about our technical training program [here](#).

### Company

---

#### **Pfeiffer Vacuum GmbH and GSI Helmholtzzentrum für Schwerionenforschung GmbH present joint doctoral candidate award**

For the second time, Pfeiffer Vacuum and GSI Helmholtzzentrum für Schwerionenforschung (GSI Helmholtz Center for Heavy Ion Research) have jointly presented a doctoral candidate award. The recipient is Dr. Andreas Mooser who received the award for his dissertation on the high-precision measurement of the magnetic moment of a proton. The complete press release can be read [here](#).

#### **Pfeiffer Vacuum welcomes 2015 Röntgen Prize Winner**

This year's award winner, Dr. Goulielmakis, is currently the head of the research group at the Max Planck Institute of Quantum Optics in Garching near Munich. He is receiving the award for outstanding contributions in the field of attosecond physics and technology with soft X-rays.

Half of the € 15,000 prize is donated by Pfeiffer Vacuum and the Dr. Erich Pfeiffer Foundation, and the other half by the Ludwig Schunk Foundation. The complete press release can be read [here](#).

## Did you know?

---

### **Pfeiffer Vacuum YouTube channel**

Did you know our YouTube channel? All the Pfeiffer Vacuum videos can be found under [www.youtube.com/PfeifferVacuum](http://www.youtube.com/PfeifferVacuum). These include the corporate film "Vacuum for Life", product animations, videos of manufacturing and service, insight into the "Green Lab Fab" as well as statements by the Management Board and our Product Managers.

Just come over and discover our channel.
